Accessible. Fresh. Inspiring.

Shakespeare.

CREATED JUST FOR STUDENTS.

No company does what the Classical Theatre Project does.

In 2012-13, CTP's professional ensemble will perform to more students than any other classical company in North America – and we have you to thank for it. You've led the charge to make Shakespeare accessible for a new generation. Over 150,000 teens will laugh, cry, scream and connect with the classics at CTP this year, thanks to the teachers that fight to give students access to great live performances.

Now, we make it easier than ever to experience Shakespeare live.

- Our permanent home at the Toronto Centre for the Arts is easily accessible by TTC and the 401.
- Our lobby Teacher's Lounge gives you a place to unwind with complimentary coffee and tea.
- The new In-School Performance option provides the chance for us to visit you, saving you and your students busing costs and travel time.

Most importantly, we want you to know that we understand the pressures that teachers face. In the event of a disruption in the school year resulting in your inability to join us, we will refund 100% of your tickets purchased, including your deposit.

Live performance can be a life changing experience. Join us this season as we bring the classics to life for more young people than ever before.
